

Hi my name is Ally Miner. I have been a member of St. Andrew's church for 2 years now. Being in a military family and moving all the time sometimes you feel unwelcome and ignored when you move to new places. But that did not happen when it was my first day at St. Andrew's. When I first walked in the Youth room Miss Brenda immediately came over to me and introduced herself she was so sweet to me it was amazing. Just after a couple of months it was like the Church community was my 2nd family. But sadly a few months later my dad deployed to Camp Leatherneck, Afghanistan. His orders said that he was going to be away for a year. When he left I felt sad and lonely. But that all changed. Every Sunday at church the youth group and parish kept reassuring me it was going to be all right. Other parishioners came up to me and said they prayed for me and my family. Even a simple prayer helped me. I developed a strong relationship with the Parish during this time. The amazing people at St. Andrew's really are angels from above because they helped me so much get through that tough year. I just want to say thank you and that each and every one of you kept me and my family positive. I wish I could do something more because all of your prayers kept my dad safe. Thank you for everything.
