

Paint a rock

and be a Cairn in our Community!

Your assignment:

- Find a rock big enough to paint or write on
- Use craft paint to cover your rock in color, if you want
- Add a message or image that you find inspirational with a Sharpie or colored marker
- Write St. Andrew's on the bottom of the rock
- Pray your hopes and dreams for the world into the rock
- Leave the painted rock some place in your neighborhood

Check out the video with ideas on the stewardship page of our website:

What's a Cairn?

The stone cairn image found in this year's Pledge Campaign materials is a part of an ancient practice, representing the strength we find in God. If we were hikers on a trail, we might look for a cairn marking the way. Even our Biblical patriarch, Jacob, used a rock pile to mark a sacred place. When we do the work of discipleship—either apart or in person—we are a cairn to our neighbors, showing that Divine grace binds us all together.

P.S. We hope the enclosed windshield decal provides you with another easy way to be a cairn in our community!
